

What we claim is :

I. A compound of the general formula (I) :

wherein A is benzyl group which has suitable substituent (s) or phenyl group which may have suitable substituent (s),

A<sup>a</sup> is benzyl group which may have suitable substituent (s) or phenyl group which may have suitable substituent (s),

B and D are each lower alkyl,

C is hydrogen or lower alkyl,

and a pharmaceutically acceptable salt thereof.

2. A compound of claim 1, wherein A and A<sup>a</sup> are each benzyl group which has cyclic amino, dilower alkylamino or lower alkoxy,

B and D are each isopropyl ,

C is methyl.

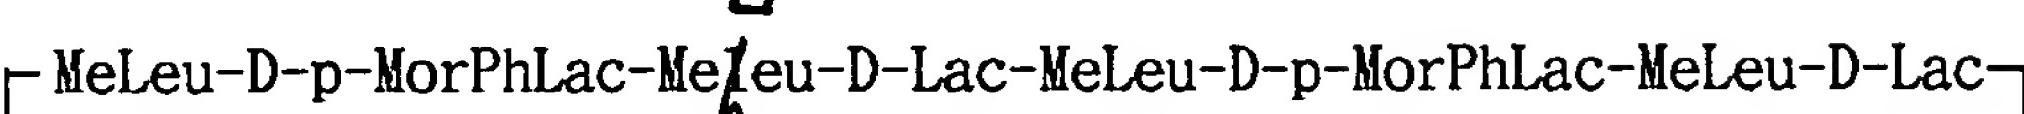

3. A compound of claim 1, wherein A and A<sup>a</sup> are each benzyl group which has morpholino , dimethylamino or methoxy .

4. A compound of claim 1, wherein A and A<sup>a</sup> are each benzyl group which has amino, nitro or hydroxy ,

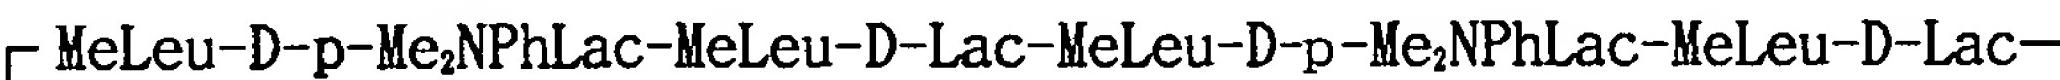

B and D are each isopropyl,

*Sub a!* C is methyl.

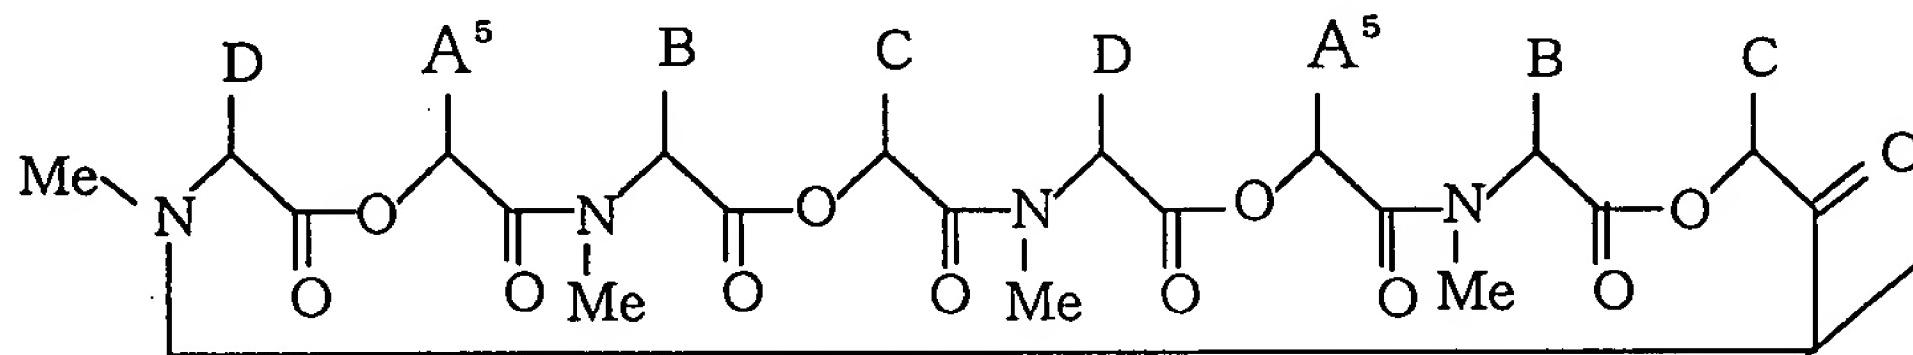

5. A compound of the formula :

6. A compound of the formula :

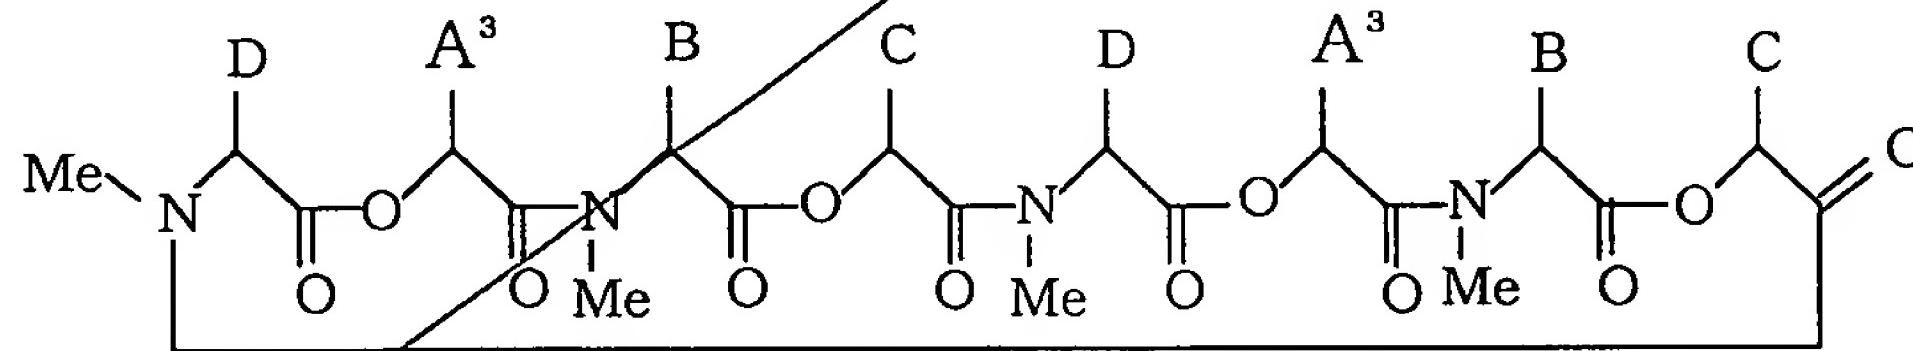

7. A process for preparation of a compound of the general formula :

or a salt thereof,

which comprises

subjecting a compound of the general formula :

or a salt thereof, to monoalkylation reaction followed by intramolecular reaction,

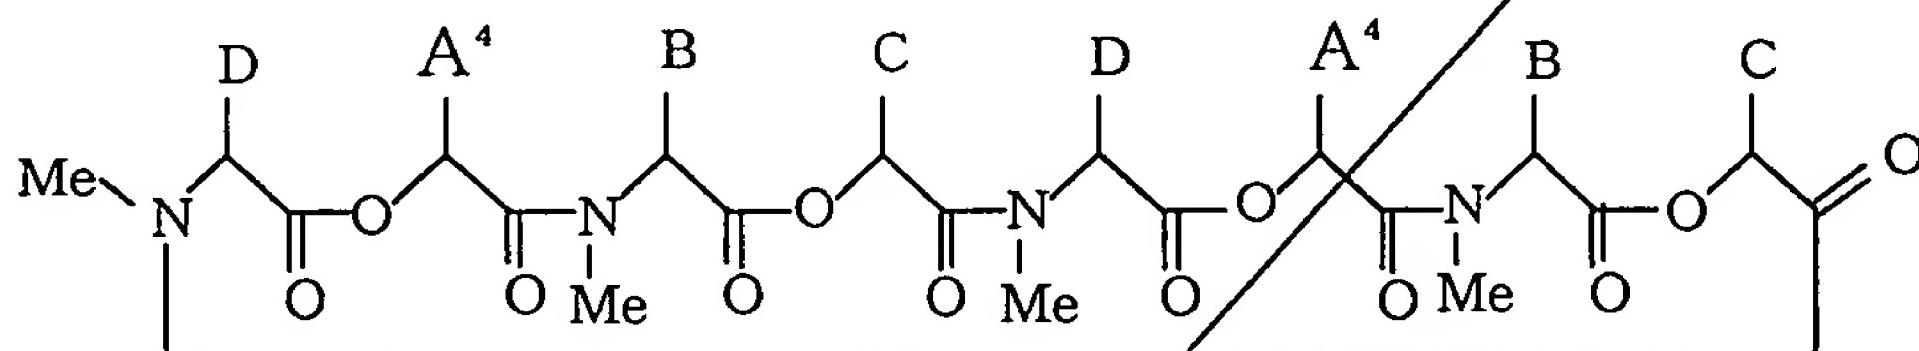

~~wherein B and D are each lower alkyl,~~

C is hydrogen or lower alkyl,

A<sup>3</sup> is benzyl group which has amino, or benzyl group which has amino and lower alkoxy,

A<sup>5</sup> is benzyl group which has cyclic amino, or benzyl group which has cyclic amino and lower alkoxy,

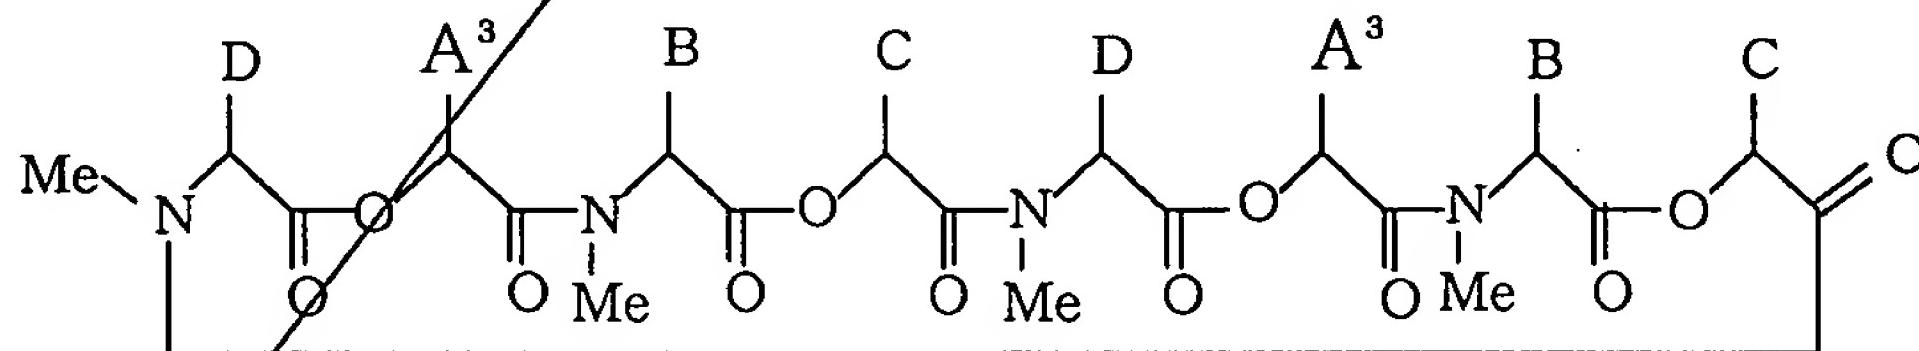

8. A process for preparation of a compound of the general formula :

or a salt thereof,

which comprises

subjecting a compound of the general formula :

or a salt thereof, to alkylation reaction,

wherein B and D are each lower alkyl,

C is hydrogen or lower alkyl,

A<sup>3</sup> is benzyl group which has amino, or benzyl group which has amino and lower alkoxy,

~~A<sup>4</sup> is benzyl group which has mono - or di - lower alkylamino, or~~

~~benzyl group which has mono - or di - lower alkylamino and lower alkoxy,~~

- Sub a2*
9. An anthelmintic agent which comprises a compound or a pharmaceutically acceptable salt thereof of claim 1 as an active ingredients.
